

PERMIT INFORMATION

The City of Blue Ridge uses the 2021 International Building Codes and the 2023 NEC for all residential and commercial submittals and permitting.

PERMIT REQUIREMENTS

Please remember that permits are required any time you or your contractor constructs, repairs, alters, erects, enlarges, converts, installs, or replaces an existing building or its utility system (s). Work that begins without a permit is subject to a fine.

Some examples of projects that require a permit:

- Swimming Pools & Irrigation Systems
- Interior Remodels & Additions
- Outdoor Kitchen/Fireplaces
- Irrigation
- Permanent Storage Sheds/Accessory Buildings
- Signs
- Roofing (Structural Additions)
- Window Replacements
- Foundation Repair
- Plumbing
- Electrical
- Solar **Texas New Mexico Power Interconnect Agreement needed to receive final inspection for solar**

Per City Ordinance 2021-0817-001 no person shall engage in work or the conduct of the business of plumbing within the municipality, except as herein specifically exempted, unless such person is the holder of a valid license as issued by the State Board of Plumbing Examiners. Nothing contained herein shall prohibit the employment of a journeyman plumber or apprentice to engage in plumbing work under the general supervision of a master plumber nor plumbing work done by a property owner in a building or on a premises owned or occupied by him or her as his or her home.
