

City of Lambertton

150 Years Strong!

Community Profile

The community of Lambertton is made up of 800 people located in Redwood County in Southwest Minnesota. Lambertton has strong agricultural roots. The Lambertton community boasts a variety of retail shops including a grocery store, businesses and amenities.

There are multiple professional businesses including banking, insurance, and real estate services. Service businesses include plumbing and heating, electricians, and mechanics. Hospitality businesses include two restaurant/bars and a motel.

The City Park includes picnic shelters, playgrounds, volleyball, basketball and pickleball courts. Kuhar Park located just north of town provides RV and camping sites. The city operates an outdoor swimming pool during the summer months. The Lambertton Library offers many services and has additional programming for children and adults.

The City of Lambertton also has a police department, ambulance service, a fire department and a local newspaper. Although Lambertton is considered a small town, it has all the essential services and businesses located here.

Business Highlights

Meadowland Farmers Coop

Started in 1905, the farmer owned coop provides 185 jobs to the region they serve. Meadowland purchases grain from farmers in the area along with providing livestock feed services. Lambertton is home of the coop's corporate offices.

Highwater Ethanol

Located just outside of Lambertton's city limits, Highwater Ethanol was built in 2009. This 50 million gallon ethanol plant had sales of just over \$159 million in 2021.

Elevator Works

Elevator Works started in 1999 just north of town filling the need for a large scale agricultural equipment construction and repair company. Much of the parts needed for their repair and construction jobs are fabricated in their state of the art shop.

Transportation Resources

US Hwy 14 & US Hwy 71

US Hwy 14 & 71 are two of the longest highways in the US. Lambertton is located along US Highway 14 and just 7 miles west of US Highway 71. Connecting Lambertton to the North, South, East and West borders of the United States.

Rail Line

Lambertton is located along the Canadian Pacific Rail Line which is connected to the nationwide rail network. Two large industries in the Lambertton area have installed rail spurs. These rail spurs have improved safety and loading conditions for shipping commodities from Lambertton.

Educational Assests

Red Rock Central

Red Rock Central is the K-12 school located in Lambertton that serves the communities of Lambertton, Sanborn, Storden and Jeffers. RRC has received national recognition for the quality education provided and student achievements. Construction has begun on a new \$42 million K-12 school campus.

Southwest Research & Outreach Center

As part of the University of Minnesota's College of Food, Agriculture and Natural Resource Science. The work done at Lambertton's SWROC enhances the quality of agricultural production, human health, renewable energy and the environment, and disseminates the benefits of this research to the public.

Medical Care Services

Red Rock Chiropractic

Dr. Kyle Pankonin is nationally recognized in his field. Born and raised in the Lambertton area, he and his wife have built a successful practice that has expanded in 2022.

Allina Health - Lambertton Clinic

The Allina-New Ulm Medical Center has a clinic location in Lambertton as well as Springfield, MN making it possible to receive care locally while having access to specialists if the need arises.
