

**Area Disposal Service, Inc.**

November 20, 2020

Dear McLean Resident,

Under a new contract agreement between the Village of McLean and Area Disposal, each household in McLean is being issued a new 95-gallon trash cart. Carts are being delivered to your home on Monday, November 23<sup>rd</sup> and Tuesday, November 24<sup>th</sup>.

The wheeled-cart, constructed from a heavy resin product, features an attached lid. They are easy to maneuver and provide a uniform appearance on trash collection day. The cost for the cart is built into the monthly fee the Village pays AREA® for trash service. *If you currently rent a cart from AREA® that monthly fee is being eliminated. You will not be issued a new cart if you already rent one.* However, after the initial cart rollout, if you want a new cart to replace the older rented one, call our office and we will arrange for a swap out.

Please bag trash placed inside the cart. When putting the cart in front of your house on collection day for service, position the wheels toward your home with the carts' metal bar facing the street.

Weekly setout trash volume is limited to what fits in the cart in addition to two (2) 35-gallon cans of material.

If you have questions about the AREA® cart or trash service, please call our office at 217-735-5881 extension #2810.

We are proud to be the solid waste provider in the Village of McLean!

Sincerely,

Area Disposal Service, Inc.
