McLean Community Planning Sessions

In 2010, McLean participated in the MAPPING the Future of McLean program facilitated by Western Illinois University to take a proactive approach to planning for community and economic development. It is time to reconvene the community to take stock of accomplishments; update our goals, strategies, and projects; and encourage new community members to join us in our effort to reach McLean's vision for the future!

These community planning sessions invite the participation of all community members and will be held to discuss these questions:

- (Session one) Where are we now?
- (Session two) Where do we want to be?
- (Session three) How are we going to make it happen and maintain momentum?

We are seeking interested volunteers to participate in these three visioning sessions as well as sponsors that have a vested interest in the future of McLean. Sponsorships will fund meals for the three sessions as well as advertising costs for promotion of the sessions (mailers and flyers). Any additional sponsor funds raised will create a pool of funds to launch the initial projects brainstormed during the sessions.
