

Customer:

Your water bill is due and payable before the 10th of the month. After the 11th a late penalty will be assessed.

If you have not paid by the 20th of the month, you are then placed on the cut-off list. When you are placed on this list an additional \$50.00 service fee is added to your bill. You must pay your total bill plus the service fee before service can be restored. An extra \$20.00 will be added for all after hours non-emergency calls. If you agree to pay the total amount you must meet the on-call person at the City office and he will witness the amount you will then place in the night depository. An additional \$20.00 fee will be assessed for failure to meet the on-call person.

You will be allowed two (2) extensions per year; one every six (6) months. If you qualify for an extension, it is your responsibility to notify this office at least 2 days before cut-off.

If you have any questions about your bill, contact us at 903-645-3906
