Effective December 1, 2024 – March 1, 2025

In accordance with the City's snow removal and public safety measures, **effective December 1 through March 1**, parking on all City streets will be **restricted** to facilitate efficient snow removal and ensure safe passage for vehicles, emergency services, and pedestrians.

Key Points:

1. **No Parking** will be allowed on City streets from **December 1 to March 1**, regardless of weather conditions, except where otherwise posted.
2. **Towed Vehicles:** Any vehicle found in violation of this restriction will be subject to towing at the owner's expense.
3. **Emergency Services:** The City will prioritize snow removal operations, especially in residential, commercial, and emergency access areas. Compliance with these restrictions is essential to maintaining clear and accessible streets.
4. **Alternate Parking:** Residents are encouraged to use available off-street parking options where possible during snowstorms. Public parking lots or garages may offer temporary solutions.

The cooperation of all residents and visitors is crucial for ensuring the smooth and safe removal of snow and ice during the winter months. For further inquiries, please contact (208) 228-3220.
