

Stage 3 Watering Schedule

Cash Special Utility District (the District) wants to remind our customers we are in Stage 3 of the District's Drought Contingency Plan.

Stage 3 started June 1 this year and is being extended as a result of several conditions. These conditions are:

- North Texas Municipal Water District's supply in Lake Lavon is down.
- North Texas Municipal Water District's supply in Lake Texoma is still offline.
- Lake Tawakoni's level is down 8 feet.
- Exiting drought.

The goal for water use reduction under Stage 3 is a minimum 10% reduction in use that would have occurred in the absence of the above conditions.

The District is implementing the following measures under Stage 3.

- Continue actions under Stages 1 and 2.
- Limit landscape watering with sprinklers or irrigation systems to once every two weeks between November 1 and March 31 and eliminate watering from 10 am to 6 pm.
- Foundations, new landscaping, new plantings (first year) of shrubs, and trees may be watered for up to 2 hours on any day by a handheld hose, a soaker hose or a dedicated zone using a drip irrigation system.
- Wait until the current drought has passed before establishing new landscaping and no hydroseeding, hydromulching or sprigging allowed.
- Do not drain and refill swimming pools except to replace normal water loss.
- Halt nonessential water use including sidewalk cleaning, operation of ornamental fountains, etc.
- Watering of golf courses using treated water is prohibited except as needed to keep greens and tee boxes alive.

The District is encouraging residents to check control units, rain and freeze sensors on sprinkler systems to prevent unnecessary usage, and to repair any water leaks. Extending the District's water supply during Stage 3 through the efficient use of existing water resources is crucial to meeting the long-term water needs of our customers.

More information and tips on water conservation can be found at www.wateriq.org and www.ntmwd.com.

To determine your watering days, match the last digit of your address with the symbol below:

Watering between 10:00 am and 6:00 pm is prohibited.
