

The Giving Tree

Here is a quick update from

The Giving Tree Backpack School Supplies Drive

The families and friends of the communities that make up Cass-Midway are an amazing group of people! We saw a need. We came together. We made things Happen! From all of the donations received, The Giving Tree friends created

13 fully supplied Backpacks, and a nice little basket of supplies to the Art Department!

I want to give a heartfelt thanks to each of the businesses who hosted a Giving Tree Box, as well as everyone that donated supplies, talked about the Giving Tree Boxes, or even sent a positive thought our way. It means so much more than you think.

The Giving Tree only asks that you shop locally, first, and if you can, pay a special visit to each of the businesses that hosted a Giving Tree Box, and let them know they are appreciated.

As for me, The Giving Tree, I'll be standing watch on Main Street, right in front of Cleveland City Hall, if you ever want to stop by and say "Hi!", I'll be there! You might even find a fun little something tucked inside my branches for the kid at heart. Every month is a new month! You never know what's in store!

Have a Great Back-To-School!
