Re: Hilltop Square Apartments
Senior Housing Development
Letter of Support

Dear Ms. Hemmesch,

There is a continuous, growing need for affordable senior housing in Todd County. With the redevelopment of the Eagle Bend School into Hilltop Square Apartments, an affordable senior housing project (age 55+), we can take a step towards meeting this growing need.

The Hilltop Square Apartments in Eagle Bend will create housing attached to the senior dining (Hilltop Regional Kitchen) program and other community services.

This will make connection senior services to seniors age 55+ easier and more convenient, while preserving a historical landmark building within our regional community. The idea of creating partnerships between nonprofits, for profits, and the cities surrounding Eagle Bend, will help to creatively serve seniors in need. This model can be used as an example of how organizations can work together to achieve a common, sustainable goal.

I am signing this support letter to demonstrate my commitment to this project, to create the Hilltop Regional Square Housing Campus for individuals within rural Minnesota.

If you have questions, please feel free to contact me.
Thank you!

Sincerely,
