Section 7-13-5. The Town may record an assessment levied pursuant to Section 7-13-3 in the office of the County Recorder of Yavapai County, Arizona, and from the date of its recording shall be a lien on such lot, tract of land or premises described in the assessment, until paid. Such liens shall be subject to and inferior to the lien for general taxes and shall be prior to all other liens, obligations, mortgages and other encumbrances. A sale of the property to satisfy a lien obtained under the provisions of this Section 7-13-5 shall be made upon judgment of foreclosure or order of sale. The Town shall have the right to bring an action to enforce the lien in the Superior Court of Yavapai County, at any time after the recording of the assessment, but failure to enforce the lien by such action shall not affect its validity. The recorded assessment shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the recording thereof. A prior assessment for the purposes provided in this Section 7-13-5 shall not be a bar to a subsequent assessment or assessments for such purposes and any number of liens on the same premises may be enforced in the same action. All assessment liens filed with the county recorder shall bear interest at the highest rate of interest permitted by law. If the lot subject to the assessment is unimproved, permit issuance for any improvements will be denied until such charges are paid in full.

Section 7-13-6. Encroachment permits shall be subject to the following terms and conditions, which shall be included on the permit:

- A. The written agreement of the permittee to maintain the encroachment and encroachment area in good condition and to indemnify and hold harmless the Town for any damages or injuries that result from or are caused by the encroachment. This indemnification obligation is not

diminished by the fact that the Town issued an encroachment permit and shall survive the termination or expiration of the permit.

- B. If a permittee damages or disturbs the traveled portion of any public right-of-way or any existing retaining wall without prior permission in writing from the Town, the permittee shall promptly, at its own expense and in a manner acceptable to the Town, restore the surface or subsurface of the public right-of-way in as good a condition as before such damage or disturbance. If such restoration, repair or replacement of the surface, subsurface, or any structure located thereon, therein, or thereunder is not completed within a reasonable time, or such repair or replacement does not meet Town standards, the Town shall have the right to perform the necessary restoration, repair, or replacement, either through its own forces, or through a contractor, and the permittee agrees to reimburse the Town for its expense in so doing within thirty days after receipt of the invoice therefor. Permittee agrees to pay such costs within thirty days from the date of issuance of an invoice from Town.
- C. A Certificate of Insurance shall be submitted to the Town evidencing insurance coverage in the policy amount of \$1,000,000 each occurrence combined single limit for bodily injury and property damage liabilities and \$2,000,000 aggregate, and naming the Town as an additional insured. - D. No changes shall be made in the location, dimensions, character or duration of the encroachment or use set forth in the permit except upon written authorization of the Town. Any such change made without prior written authorization by the Town may result in immediate revocation of the permit without reimbursement to the permittee of any application fee, permit fee or other expenses incurred related to the encroachment or the permit.
- E. Compliance with the standards for encroachments set forth in section 7-15-6.
- F. Such other conditions as the Town deems necessary for the health, safety and welfare of the public and for the protection of the Town and preservation of the Town's rights-of-way.

Section 7-15-6 Standards For Issuance of Permit

All encroachments shall comply with the following standards:

- A. Encroachment permits shall be issued for a one-year term and may be renewed by the Zoning Administrator upon a determination that the conditions of the permit have been complied with, the Town's property has not been negatively impacted by the encroachment, all fees required have been paid, and the encroachment area is not required to be used by the Town for right-of-way purposes. If the encroachment is not removed from the right-of-way within the time set forth in the encroachment permit or any extension thereof, the Town may remove the encroachment and charge the cost to the permittee.

- B. No encroachment shall be permitted or maintained which impedes, obstructs, or denies the vehicular, bicycle or pedestrians the use of the public right-of-way, nor shall any encroachment interfere with access to or the operation, maintenance, or repair of public sewer, water or other facilities which are located within the public right-of-way.
- C. No fences shall be allowed to encroach on the public right-of-way.

- E. No structure shall be permitted in the public right-of-way unless said structure is temporary and intended to be used for a limited period of time. All such temporary structures shall be approved by the Town Zoning Administrator and shall conform to all relevant provisions of the Town zoning ordinance and building and safety codes. At the discretion of the Zoning Administrator, the applicant may be required to obtain approval from the Design Review Board prior to construction of a temporary structure or landscaping installation.
- F. Any monument of granite, concrete, iron or other lasting material set for the purpose of locating or preserving the lines or elevation of any public street or right-of-way, property subdivision, or a precise survey point or reference point shall not be removed or disturbed without first obtaining written permission from the Town. Replacement of a removed or disturbed monument shall be at the sole expense of the permittee.

Section 7-15-7 Assignment

Encroachment permits shall be issued only to the person making application and may not be assigned to another person by the permittee. If any permittee assigns his/her permit to another, the permit shall be void.

- B. Upon written notice from the Town, the permittee shall promptly remove all encroachments from the encroachment area and cease using the encroachment area for private purposes. Section 9-4-4 Procedure to Compel Removal of Litter

The Clerk shall enforce the provisions of Section 9-4-2 and 9-4-3 hereby by prosecuting violators of said section in the Jerome Magistrate's Court pursuant to the criminal provisions of this code. If such prosecution fails to secure compliance with the provisions of said sections, or in the event of inability to prosecute violators by reason of failure to secure jurisdiction over their persons, the Clerk shall compel the removal of litter by the procedure outlined in Sections 9-4-5 through 9-4-9 hereof.

Section 9-4-5 Notice to Remove

To compel the removal of litter through the provisions of this section and of Sections 9-4-6, 9-4-7, 9-4-8, and 9-4-9 hereof, if a person owning or controlling any property fails, neglects or refuses to remove or properly dispose of litter located on property owned or controlled by such person, he/she shall be given written notice by the Clerk to remove all litter from such property within thirty (30) days from the date the notice was received by him/her, and prior to the date of compliance on the notice. Such notice shall be received not less than thirty (30) days before the date set thereon for compliance, and shall contain an estimate of the cost of removal by the Town, a statement that unless the person owning or controlling such property complies therein within thirty (30) days from the date such written notice is received that the Town will, at the expense of the person owning or controlling said property, perform the necessary work at a cost not to exceed the estimate given in the notice, and that such person may appeal in writing to the Council within thirty (30) days from the date the notice is received by him/her and prior to the date of compliance.

If the owner does not reside on such property, a duplicate notice shall also be sent to him/her by certified or registered mail at his/her last known address.

Section 9-4-7 Appeal to the Council

Prior to the date set for compliance on the notice, the owner or person controlling such property may appeal in writing to the Council from the demand of the Clerk. The Council shall, at this next regular meeting after receiving the appeal, hear and determine the same and the decision of the Council shall be final. The Council may either affirm or reverse the decision of the Clerk or modify the scope of the work as required in the notice.

Section 9-4-8 Removal by Town

When any such person to whom notice, as aforesaid, has been given, and on or before the date of compliance on the notice, or within such further time as may have been granted by the Council on appeal, fails, neglects or refuses to move from such property any or all litter, the Clerk is authorized and directed to cause same to be removed and disposed of at the expense of the owner or person controlling such property. Upon completion of the work, the Clerk shall prepare a verified statement of account of the actual cost of such removal or abatement, the date the work was completed, and the street address and the legal description of the property on which said work was done, including five percent for additional inspection and other incidental costs in connection therewith, and shall serve a duplicate copy of such verified statement upon the person owning or controlling such property in the manner prescribed in Section 9-4-6 hereof. The owner or person controlling such property shall have thirty (30) days from the date of service upon him/her to appeal in writing to the Council from the amount of the assessment as contained in the verified statement. Such liens shall be subject and inferior to the lien for general taxes and to all prior recorded mortgages and encumbrances of record. A sale of the property to satisfy a lien obtained under the provisions of this section shall be made upon judgment of foreclosure or order of sale. The Town shall have the right to bring an action to enforce the lien in the superior court at any time after the recording of the assessment, but failure to enforce the lien by such action shall not affect its validity. The recorded assessment shall be *prima facie* evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the recording thereof. Section 12-2-1 Findings and purpose

The Council finds that, in certain areas of the Town, visitor parking impinges upon the need of residents to be able to utilize a reasonable amount of parking space on a street near their own homes. Additionally, the Town of Jerome has a limited number of public parking spaces and areas for residents

to park. This article is adopted in order to allow a reasonable accommodation between the needs of our visitors and the needs of Town residents for parking spaces.

(Ord. 432, 12/12/2017)

Section 12-2-2 Definitions

For the purposes of this article, the following words and phrases shall have the meanings respectively ascribed to them by this section:

“Domicile” means a person’s fixed, permanent and principal home for legal purposes.

"Motor Vehicle" means a device in, on or by which a person or property is or may be transported or drawn on a public right-of-way, with motive power, excluding devices moved by human power or used exclusively on stationary rails or tracks.

“Parking” means the stopping or standing of a vehicle, whether occupied or not.

“Parking space,” for the purposes of this ordinance, means an area of at least 20 feet in length by approximately 8 feet in width. It is understood that the Town of Jerome is unique in the construction of its roads and that it does not conform to the assumptions set forth in the Uniform Traffic Code and therefore usable parking spaces may or may not conform to normally accepted standards.

“Recognized dwelling unit” means a dwelling unit as defined by the Jerome Zoning Ordinance.

“Resident” means a person(s) whose domicile is within the town limits of the Town of Jerome.

“Street” or “Highway” means the entire width between boundary lines of every right-of-way if a part of the right-of-way is open to the public for purposes of vehicular travel.

“Trailer” means a vehicle without motive power, designed for carrying persons or property and for being drawn by a motor vehicle.

(Ord. 432, 12/12/2017; Ord. 458, 12/10/2019)

Section 12-2-3 Residential Parking Restrictions and Permits

Parking located on the following streets shall be limited to residents with a residential parking permit only:

- A. County Road, School Street, Center Street, First Street, Second Street, Third Street , Fourth Street, Fifth Street, Sixth Street, Hull Road, Verde Avenue, Holly Street, Clark Street, Rich Street and East Avenue.

(Ord. 432, 12/12/2017; Ord. 458, 12/10/2019)

Section 12-2-4 Issuance of Residential Parking Permits

Persons occupying residences with frontage (based on street address) along a street or portion of a street designated in Section 12-2-3 for residential permit parking, who desire to park a motor vehicle on a public street, may apply to the Town for residential parking permits as outlined in this article.

- A. Applications will be accepted at Town Hall on forms provided by the Town and will first be reviewed by the Zoning Administrator. Following review and approval by the Zoning Administrator, the application will be forwarded to the Police Department for processing.
- B. Recognized dwelling units with frontage along a street or portion of a street designated for residential permit parking shall be entitled to receive one residential parking permit, per recognized dwelling unit, for a single motor vehicle owned or operated by a person residing in the dwelling unit. The following information must be submitted on the application: the name of the registered owner (this information must match the Arizona Department of Motor Vehicle registration for said vehicle), the make and color of the motor vehicle, the vehicle's license plate number and the address of the dwelling unit the vehicle is attached to.
- C. Except as herein provided, residential parking permits shall not be issued to dwelling units with off-street parking on their property, provided that the number of off-street spaces is consistent with the current parking requirements of the Jerome Zoning Ordinance.
 - a. Should the off-street parking spaces be less than number required by the zoning ordinance or be substandard in terms of the size of the space, the applicant may be eligible for a residential parking permit. This will be determined by the Zoning Administrator on a case by case basis.
 - b. Should the off-street spaces be difficult to use due to safety reasons, the applicant may be eligible for a residential parking permit. This will be determined by the Zoning Administrator on a case by case basis.
- D. An inventory of usable parking spaces shall be conducted for each street subject to residential parking by permit. The Jerome Police Chief, Zoning Administrator and Fire Chief will approve the spaces and determine the final number of spaces available on each street. Once the inventory is completed and the number of spaces available is determined, it will be compared to the number of residential parking permit applications. If the number of residential parking permit applications exceeds the number of available parking spaces, permits will be issued by random lottery pick. Once all available spaces on a given street have been assigned by permit, additional permits may be available for spaces located at the Old Town Yard parking lot, with final selection determined by lottery pick.
- E. Persons occupying recognized dwelling units with frontage (based on street address) along a street or portion of a street designated for residential permit parking may, subject to availability of parking spaces as set forth in Section 12-2-4(D), receive up to one additional residential parking permit. No more than a total of two permits per recognized dwelling unit shall be issued or valid. Second permits may be revoked if the availability of parking spaces changes and/or space is needed for issuance of a first permit.
- F. Following review and approval by the Zoning Administrator, residential parking permits may be issued by the Police Department and shall be valid for that motor vehicle, and the street designated thereon, until such time as ownership of the vehicle changes, or the residency of the owner of the vehicle changes. The permit shall become immediately invalid when (i) the person to whom the permit is issued moves to

another residence, whether or not such residence has frontage on the posted area, or (ii) when the vehicle is sold.

- G. It shall be the responsibility of the residential parking permit holder to notify the Jerome Police Department regarding any changes in the information provided in their original application, including changes in vehicles or changes in residency.
 - H. The fee for residential parking permits shall be set by Resolution of the Town Council.
 - I. Priority will be given to the issuance of residential parking permits issued to dwelling unit(s) with a motor vehicle bearing Arizona Disability license plates. In the event of a lottery pick for permits pursuant to Section 12-2-4(D) for a specific street, motor vehicles displaying Arizona Disability license plates will be granted a permit before lottery picks are made. Additionally, application can be made to the Town of Jerome for placement of a "Physically Impaired Parking Only" sign on the street where the registered owner of a motor vehicle bearing Arizona Disability license plates occupies a legal dwelling unit, provided that eligibility criteria as defined herein are met. If such application is approved, applicant shall pay a one-time fee in the amount of \$120.00 to cover the cost of labor and materials.
 - J. In order to qualify for placement of a "Physically Impaired Parking Only" sign pursuant to Section 12-2-4 (I), applicant must provide:
 - 1. A completed Town of Jerome Disabled Person Vehicle Parking Application on forms provided by the Town.
 - 2. Evidence of a current Disability License Plate or Temporary Placard issued by any state Motor Vehicle Department.
 - 3. A letter from a person licensed as a physician (doctor of medicine, osteopathy, podiatry or chiropractic, licensed to practice medicine in the United States), a registered nurse practitioner, physician assistant or by a hospital administrator, documenting at least one of the following conditions:
 - a. Unable to walk more than 100 feet without stopping to rest
 - b. Unable to walk without help from another person or a brace, cane, crutch, wheelchair or other prosthetic device
 - c. Severely limited in ability to walk due to arthritic, neurological or orthopedic condition
- Any "Physically Impaired Parking Only" sign erected pursuant to this Section is subject to periodic review by the Town and may be revoked if the requirements specified herein are no longer being met.
- K. Should a residential parking permit be denied or revoked by the Zoning Administrator or Police Chief, the applicant may appeal in writing to the Jerome Town Council within thirty (30) days from the date they are notified of the denial or revocation of the permit.

It is unlawful to sell, transfer, or convey, or to offer to sell, transfer, or convey, any parking permit or placard issued pursuant to this article for any money or consideration whatsoever. Additionally, it shall be unlawful to use or display a residential parking permit on any motor vehicle not assigned to that permit.

(Ord. 432, 12/12/2017)

Section 12-2-6 Parking in residential parking permit zone without permit prohibited

Temporary permits may be obtained by notifying the Jerome Police Department, by telephone or email, of the make, color and registration plate of the motor vehicle, and the residence the vehicle is attached to. Upon notifying the police department, the owner will place a white piece of paper, no smaller than 5 ½ inches by 8 ½ inches, with the following information: the registration plate number of the vehicle, the address in the residential area the vehicle is associated with and the date the temporary permit was placed in the vehicle. This temporary permit will be placed on the dash of the vehicle clearly visible from the outside by any person who may walk by. Such permit will be valid for seven (7) days. There shall be no fee for temporary permits.

- B. Once the number of permanent permits issued for any street reaches the number of parking spaces available on that street, no temporary permits shall be issued or valid on that street.

Section 12-3-1 **Definitions**

Whenever any words and phrases used in this chapter are not defined herein but are defined in the State laws regulating the operation of vehicles, the definitions therein shall be deemed to apply to such words and phrases used herein.

In this chapter, unless the context otherwise requires:

1. "Public parking" means parking spaces within the right-of-way and parking spaces within parking lots owned, leased, or otherwise under the control of the Town outside of the right-of-way.
2. "Parking meters" means any pay-to-park equipment leased or owned by the Town, including but not limited to mechanical devices, kiosks, or other multi-space metering equipment, which may or may not be adjacent to the parking space, that accepts payment for the use of parking spaces.
3. "Parking permit" means any valid permit issued to an employee, resident, guest, or otherwise as authorized by the Town of Jerome. In the event that said permit is a digital registry

of the license plates of vehicles permitted to park in parking-permit-required areas, the license plate itself is the parking permit for the purposes of this chapter.

4. "Parking-permit-required areas" means any areas that are designated or marked by signs indicating that the areas are subject to parking restrictions.
5. "Pay-to-park areas" means any areas where a time period must be purchased at a parking meter by a person for a vehicle to remain within a parking space.

Section 12-3-2 Manual of Uniform Traffic Control Devices

The Manual of Uniform Traffic Control Devices, as amended and adopted by the Arizona Highway Commission, in conformance with Title 28, chapter 6, article 3, of the Arizona Revised Statutes, 1971, together with all subsequent official rulings on requests for interpretations, changes and experimentation, is hereby adopted as the official document governing all aspects of the installation and operation of traffic-control devices on public ways within the Town.

Section 12-3-3 Pay to Park

The Town of Jerome, by a resolution of its Council, will set the "pay to park" locations, hours and days of operations as well as the fees to be charged.

Council may opt to provide exemptions or discounted fees, or to suspend fees from time to time, by the adoption of a Resolution effecting same.

Operational Procedure to Be Followed: Immediately after parking a vehicle within a pay-to-park parking space, the person in the vehicle shall purchase a time period for the vehicle to remain within said parking space. To purchase a time period, a person must deposit an acceptable form of payment in the nearest parking meter as indicated on the parking meter and follow operational procedures in accordance with the instructions posted on the parking meter. The vehicle may remain within said parking space only for the time period(s) purchased. Failure to deposit payment or follow the operational procedures shall constitute a violation of this Article, subject to the penalties set forth herein.

If a person has a valid permit to park within the pay-to-park area, the person need not purchase a time period for the vehicle to remain within a parking space, but the person must display the permit so that it is visible from the exterior of the vehicle. All other requirements of Section 12-3 are applicable to any vehicle parked with a valid parking permit.

Section 12-3-4 Overtime Parking Violations

It is unlawful for any person to cause, allow, permit or suffer any vehicle registered in the name of, or operated by, such person to remain parked within any pay-to-park parking space beyond the time for which payment has been made. Any person who causes a vehicle to remain within a pay-to-park parking space overtime, or for more time than purchased, shall be in violation of this Article and subject to the penalties set forth herein.

Section 12-3-5 Other Parking Meter Violations

The following shall constitute violations relating to parking meters, and are subject to the penalties set forth herein:

- (A) To deface, damage, tamper with, open or willfully break, destroy or attempt in any manner to impair the function of any parking meter.
- (B) To deposit or cause to be deposited in any parking meter any slugs, devices, or other substitutes for lawful payment as indicated on the parking meter.

- (E) To permit, cause or allow any sign, symbol, sticker, graffiti or similar writings, photos or artwork to be written, etched, attached, hung or posted in any manner on a parking meter without the express written consent of the Town.

Section 12-3-6 Parking-Permit-Required Areas

Parking any vehicle in violation of any parking restriction as indicated and marked with signage shall constitute a violation of this Article and is subject to the penalties set forth herein.

Section 12-3-7 Other Parking Permit Violations

Section 13-9-1 **Executive Summary**

The Town of Jerome recognizes the necessity for protection of its water supply by monitoring water use to existing, pending, and future development within its water service areas in order to ensure the continuing stability of the Town, and to promote the health, safety and welfare of all citizens, visitors and users of Jerome water. This Drought and Water Shortage Preparedness Plan (DWSPP) addresses the options and drought mitigation strategies to reduce the impact of drought and other water shortages to the Jerome water users.

Section 13-9-2 **Definitions**

In this Article, unless the context otherwise requires, the following definitions shall apply:

Account - the individual identification of a property being served water by the Town.

Customer - the individual, partnership, business, or corporation in whose name the application for water service is made.

Demand Reductions - Demand reductions are all measures taken by the Town to reduce the use of potable water in response to water drought or supply insufficiency conditions. Demand reduction includes measures which would restrict water further than a normal, conservation-minded desert lifestyle.

Drought - Water drought is a long period of abnormally low precipitation (rain or snow), especially one that adversely affects growing or living conditions.

DWSPP – means Drought and Water Shortage Preparedness Plan.

Effluent - means outflow from a sewer treatment facility or sewage disposal system and remains effluent until it acquires the characteristics of ground water or surface water. Effluent that is reused is treated to a quality suitable for non-potable applications such as landscape irrigation, decorative water features, and non-food crops.

Emergency Authority - The Town Manager, or a certified operator acting under the direction of the Town Manager, has the authority to make operational adjustments and/or changes to the potable water system for the purpose of protecting the system from damage, maintaining water supply, or restoring the system to operation after a system failure.

Fountain – Any water feature that is solely or partially used for decorative purposes.

Irrigate - To supply landscaping or crops with potable water from the Town’s water system or private well.

Maximum Storage Capacity - The total water resources available when all existing water storage tanks are full.

Potable Water – means water suitable for drinking or cooking purposes from both health and aesthetic considerations, and which meets the quality standards prescribed in the Safe Drinking Water Act.

Reclaimed Water – Recycled wastewater treated to improve its quality. Reclaimed water can serve in many capacities where it is unnecessary to use high-quality potable (or drinking) water.

Safe Storage Capacity – Water resources available based on seventy-five percent (75%) of maximum storage capacity.

Supply Insufficiency - Supply insufficiency occurs when water available is not sufficient to meet immediate unrestricted demand. A supply insufficiency can be of relatively short duration. Supply insufficiencies can be caused by unforeseen increases in water demand, failure of a part of the storage or delivery system, water quality problems or any number of other natural or man-made situations that result in an inability to provide a sufficient, unrestricted supply of water.

Town – means the Town of Jerome, Arizona.

User – means the owner, tenant, trustee, mortgagee, receiver or occupier whether person, corporation, firm or municipality of property that is connected to the municipal water system.

Wasting Water - To use or expend water unnecessarily, thoughtlessly or carelessly. Examples include, but are not limited to, allowing water to run into the street/gutter, allowing water to pool, irrigating during precipitation events, and failing to repair water leaks. A representative of the Town shall make the determination of Wasting Water.

Section 13-9-3 Purpose and Objectives

The purpose of the DWSPP is to provide strategies and procedures for periods of time when the Town's normal and customary water supplies may not be able to meet the Town's needs due to below normal precipitation or other issues that have affected the municipality's water supply. A DWSPP plan is also a resource that can be used should a meteorological drought last for several years. The objective of the plan is to provide ways for the Town, businesses, and residents to aid in water demand reduction when a water supply insufficiency occurs, and to provide a framework for operations during times of drought and water shortage.

Section 13-9-4 Authority

- A. Town Manager: The Town Manager, or his/her designee, in consultation with the Public Works Department and/or the Fire Chief, is hereby authorized to declare and suspend Demand Reduction Strategies and elements of Strategies. These may be initiated and suspended based upon Resource Status Levels, or other pertinent information, which evaluate the relationship between water demand and safe storage capacity. The Town Manager is further authorized to take any operational measures deemed necessary to protect the potable water system. The Town Manager shall inform the Council within 24 hours regarding any such actions taken by him or her.
- B. Town Council: The Town Council may authorize exemptions to Strategies and/or elements of strategies when necessary for the protection and preservation of the public health, welfare and safety.
- C. Applicability: This DWSPP is applicable to ALL users of Town water, regardless of whether they live within or without the corporate limits of the Town.

Section 13-9-5 Best Practices/Industry Standards

- A. Preparedness: The DWSPP provides Town leaders the opportunity to react quickly and implement appropriate restrictions early, while making allowances to suit situational needs. During drought, water shortage, or at all other times, the ultimate goal for the municipality is to protect and preserve public health, welfare and safety and minimize adverse impacts.
- B. Responsiveness to Citizens: Jerome's goal is to continue to provide sufficient water to meet the needs of its citizens. Should water shortage conditions arise, the Town of Jerome wants to be sensitive to the needs of its citizens and water customers and wants to be sure that residential customers and business interests are provided with the information necessary in order to comply with demand reduction measures when they are necessary.

- C. Equity and Fairness During Water Shortages: The impacts and hardships caused by drought or other water shortages should be shared equitably and in proportion to the magnitude of the shortage. Not all uses of water are the same. Some uses, such as reserves for fire suppression, critical cooling applications, and medical necessity will have to take priority over less universally beneficial applications of the available resource, such as lawn and park irrigation, maintenance of decorative fountains or water features, and cooling of outdoor recreation areas.
- D. Public Education: In order to effectively provide ways for the residents and businesses to participate in water demand reduction when a water supply shortage occurs, the Town must provide the public with education and information about the Drought and Water Shortage Preparedness Plan and the Town’s Demand Reduction Strategies, in the manner set forth in Section 13-9-7.
- E. Water Conservation: Water conservation, by its very nature, should be a normal component of a well run town, which seeks to maintain a reliable water resource, and is particularly applicable to communities like Jerome, that are located in desert environments. Water conservation should be an ongoing practice of the citizens of the community.
- F. Common Practice of the Town: As a common practice, the Town of Jerome will make every effort to adhere, to the extent possible, to the provisions outlined in Section 13-9-6 (D)(1), “Demand Reduction Strategy I – Water Alert,” regardless of whether that particular Reduction Strategy has been ordered by the Town Council and/or the Manager.
- G. Adherence Mandatory: Adherence to Water Resource Status Levels I, II, and III, and their corresponding Demand Reduction Strategies I, II, and III – “Water Alert”, “Water Emergency”, and Water Crisis”, are mandatory whenever any one of those particular Demand Reduction Strategies have been declared, and are strictly enforced.
- H. Encouragement: The Town of Jerome strongly encourages all Town of Jerome water users to adhere to the provisions outlined in Section 13-9-6 (D)(1), “Demand Reduction Strategy I – Water Alert” on a daily basis, regardless of whether that particular Reduction Strategy has been ordered by the Town Council and/or the Manager.
- I. New Landscaping for Commercial Projects: New landscaping for commercial projects should only be accomplished with plant materials that require little or no supplemental irrigation water.

Section 13-9-6 Demand Reduction Strategies

- A. The Demand Reduction Strategies outlined in this plan incorporate a variety of measures to reduce the use of potable water in response to water drought or supply insufficiency conditions. Demand reduction includes measures, which would restrict water further than a normal conservation-minded desert lifestyle.

B. COMPLIANCE WITH DEMAND REDUCTION STRATEGIES IS MANDATORY FOR ALL JEROME WATER USERS, AND ANY VIOLATION OF THE DEMAND REDUCTION STRATEGIES MAY RESULT IN SURCHARGES BEING ADDED TO A JEROME WATER USER'S UTILITY BILL, AS FURTHER PROVIDED IN SECTION 13-9-8 OF THIS DROUGHT AND WATER SHORTAGE PREPAREDNESS PLAN.

C. Water demand reduction during a drought may incorporate both voluntary and mandatory measures. Many of the organizational demand reduction strategies to a drought condition, including conservation measures, are appropriate for responding to a short-duration supply insufficiency. Generally, responses to a systemic failure will be more rapid and may omit intermediate steps normally associated with an incremental drought response plan.

D. It is evident that drought is not a constant or totally predictable condition in occurrence or duration. Rather, there are levels of drought and levels of drought impact, and therefore, levels of demand reduction strategies. This plan includes three (3) levels of Demand Reduction Strategies, as follows:

1. DEMAND REDUCTION STRATEGY I -- "WATER ALERT"

Goal: The normal, correct state of the Cleopatra Hill water tanks is full to the brim and slightly overflowing. During the period May 1 through September 30 or each year, or if there has been no overflow from the tanks for 48 consecutive hours, Demand Reduction Strategy I will be implemented to reduce demand and return the tanks to their normal state. The Town Manager, or his/her representative, will monitor the tanks on a regular basis to determine when and if such overflow is occurring. Strategy I mandates:

- a. Water shall be conserved both inside and outside the home or business using best practices available to minimize waste. No person shall waste water.
- b. Outdoor water use shall not occur between the hours of 9:00 AM to 5:00 PM.
- c. Vehicle washing shall only be undertaken with a bucket and hose with a shut off nozzle or other water saving devices such as a pressure washer.
- d. Cooling of outdoor areas with water or misting devices is prohibited.
- e. Restaurants shall serve water to customers upon request only and shall display table tents or other types of public notice to this effect.
- f. Construction projects shall use only reclaimed water or effluent or supply their own water for on-site use and dust control.

During a "Water Alert" the Town of Jerome will read water meters on a monthly basis.

2. DEMAND REDUCTION STRATEGY II – "WATER EMERGENCY"

Goal: If Demand Reduction Strategy I fails to return the Cleopatra Hill tanks to their normal state and the water tanks drop to under 90% full for 48 consecutive hours, Demand Reduction Strategy II will be implemented to return the tanks to their normal state. Strategy II includes all points in Strategy I and also mandates:

- a. Outdoor water usage shall be restricted to the hours between 6:00 PM and 6:00 AM. Watering days shall be restricted: properties with even numbered addresses may irrigate only on Wednesday, Friday and Sunday; properties with odd numbered addresses may irrigate only on Tuesday, Thursday and Saturday. Where there is no discernable address, the even numbered address schedule shall apply. No irrigation shall be allowed on Monday, except by the Town. No more than 450 gallons per site per 24-hour period shall be permitted. For those with hose and/or sprinkler systems, a maximum of 45 minutes per watering is permitted; for those with a low flow drip system, four hours is permitted.
- b. No vehicle washing or watering down of sidewalks, decks, parking areas, patio or other similar surfaces shall take place at any time.
- c. Water shall not be added to fountains, water features, recreational swimming pools, spas or wading pools holding more than one hundred (100) gallons, except to support animals and maintain fish ponds.
- d. Transient lodging facilities shall wash customers' linens, if a stay is in excess of one night, upon request only, and the facility shall display a notice to that effect.

3. DEMAND REDUCTION STRATEGY III -- "WATER CRISIS"

Goal: Demand Reduction Strategy III will be implemented in the event of a catastrophic failure in the water collection or distribution system or when the tanks are under 80% full for 48 consecutive hours. Strategy III includes all points in Strategy II and also mandates:

- a. No potable water shall be used for outdoor purposes, except to support animals and maintain fish ponds.
- b. No potable water may be used in violation of any other restriction deemed necessary by the Jerome Town Council for the purpose of protecting the welfare of the citizens of Jerome.
- c. Water system connection permits shall not be issued and permitted new connections shall not be activated.

Section 13-9-7 Demand Reduction Strategy Implementation

- A. The Jerome Public Works Department shall monitor the projected supply and demand for water on a daily basis during periods of emergency or drought and shall recommend to the Town Manager the extent of the demand reduction measures required to prudently plan and supply water to the water users.
- B. The Town Manager, or his/her designee, in consultation with the Public Works Department and the Fire Chief, is hereby authorized to declare and suspend the Demand Reduction Strategies and elements of Strategies that are set forth in this Plan. The Strategies may be initiated and suspended based upon Resource Status Levels, or other pertinent information, which evaluate the relationship between water demand and safe storage capacity. The Town Manager shall inform the Council within 24 hours regarding any such actions taken by him or her.
- C. The declaration of any change in the Demand Reduction Strategy level may be made by:

1. Declaration by the Town Manager; and
 2. Issuance of a Press Release to radio stations and newspapers of general circulation in the community; and
 3. Appropriate postings at the Town's official posting locations and on the Town of Jerome website; and
 4. Appropriate signage at strategic locations throughout the Town, that clearly advise citizens that the prevailing Demand Reduction Strategy is then existing (i.e., "Water Alert," "Water Emergency" or "Water Crisis"); and,
 5. In the event that restrictions are increased, personal notice delivered by Town employees or volunteers.
- D. The Demand Reduction Strategy designated shall become effective immediately upon posting by the Town.
- E. The Notice of Demand Reduction shall give the extent, terms and conditions regarding the use and consumption of water. Upon such declaration and posting, due and proper notice shall be deemed to have been given to each and every Jerome water user.
- F. This implementation may require the reallocation of current staff to enforce the provisions of this Plan.
- G. The Town Manager has emergency authority to take any operational measures deemed necessary to protect the potable water systems. In the event such action is taken, he/she shall notify the Town Council within 24 hours.

Section 13-9-8 Violations, Warnings, Surcharges

- A. All Demand Reduction Strategies of the Plan shall be enforced administratively by the Town of Jerome.
- B. Enforcement of the Plan may require the reallocation of current Town of Jerome staff.
- C. Enforcement shall consist of public education forums, on-site inspections by Town employees, written warnings, and, as a last resort, the addition of surcharges to the monthly utility bills of any Town of Jerome water user found in violation of the Plan.
- D. Violations of this Plan shall result in the levying of the following surcharges:
1. First violation - \$25 surcharge
 2. Second violation - \$100 surcharge

3. Third violation - \$250 surcharge
4. Fourth violation – \$250 surcharge plus water service shut off, with the provision that all outstanding surcharges must be paid prior to reconnection of water service

Section 13-9-9 Appeal of Assessment of Surcharge

- A. The assessment of a surcharge may be informally appealed, in writing, within fourteen (14) calendar days of the notice of the surcharge assessment.
- B. The written appeal shall be received by the Town Manager within said fourteen (14) calendar day time limit, or the right to such appeal shall be permanently waived.
- C. The written appeal shall be reviewed by the Town Council, who shall determine whether the appeal has merit, taking in to account all the available facts and circumstances. In assessing the merits of any appeal, the Council shall have full authority to review all documentation of the account of record under appeal.
- F. The Town Council shall have the authority to hear testimony on behalf of the appellant and the Town.
- G. The Arizona Rules of Evidence do not apply in the appeal process.
- H. The Town Council shall render a written decision to the appellant within ten (10) calendar days after receipt of the appeal.
- I. Decisions of the Town Council are final.
- J. All surcharge-related correspondence shall be addressed to:

Town of Jerome Manager
PO Box 335, Jerome, AZ 86331

Section 13-9-10 Plan Review and Amendments

- A. In an effort to meet the purpose, objectives and goals of this Plan, the Town Council shall review this DWSPP every five years.
- B. The Town Council may amend this Plan, by Ordinance, pursuant to prevailing facts and circumstances at any given point in time.
- C. If any provision of this Plan is found to be in violation of any Arizona law, statute, ordinance, case opinion or regulation by any court of record, the remaining provisions of this Plan shall remain in full force to the degree possible under Arizona law.

A registered Jerome Civil Union shall not prevent the parties to that status from entering into any other type of legal status between those two parties in another jurisdiction, including a marriage where the laws of such other jurisdiction permits them to enter that status. ENFORCEMENT PROCEDURES FOR VIOLATIONS OF THE TOWN CODE AND ZONING ORDINANCE

ARTICLE 18-1 General Provisions.

Section 18-1-1. Violations of this Town Code and Zoning Ordinances of the Town may be filed under the criminal or civil enforcement procedures of this Chapter and under Article 1.8 of this Town Code. A person shall not be charged with both a civil and criminal offense for the same violation on the same date, but a subsequent violation against the same property or person may be charged as civil or criminal pursuant to this Article 18.

Section 18-1-2. For the purpose of enforcement of this Town Code and the Zoning Ordinance, unless otherwise stated, there is hereby created the position of Code Enforcement Officer, which officer shall be the Zoning Administrator for enforcement of this Town Code (other than the Building Code and Fire Code) and the Zoning Ordinance. The Code Enforcement Officer for the Fire Code shall be the Town Fire Chief, and the Code Enforcement Officer for the Building Code shall be the Building Official.

ARTICLE 18-2 Criminal Citation.

Section 18-2-1. A criminal citation is used when: the offense is serious and requires immediate action, the alleged violator has ignored previous warnings or notice, has refused to work with the Town toward compliance, or the violation is a repeat of a previous offense.

ARTICLE 18-3 Civil Citation.

Section 18-3-1. Violations of the Town Code or Zoning Ordinance may be filed under civil enforcement procedures and declared to be civil offenses. A person shall not be charged with both a civil and criminal offense for the same violation on the same date, but a subsequent violation against the same property or person may be charged as criminal rather than civil.

Section 18-3-2. The Council shall periodically appoint a hearing officer to hear and determine Town Code and Zoning Ordinance violations under the civil violation procedure. The hearing officer shall not be an employee or member of any Town board or commission.

Section 18-3-3. Civil complaints shall be filed using either the uniform Arizona Traffic Ticket and Complaint form, or one substantially similar, which shall cite to this Article 18-3 as well as the particular subsection of the Town Code or Zoning Ordinance applicable to the alleged violation. Complaints may be sworn to by any building inspector or Zoning Code officer for the Town. The citation shall contain the date and time of the alleged violation, and direct the defendant to appear before the Hearing Officer at the specified time to enter a plea either admitting or denying the complaint. Citations will be served by personal delivery upon the

defendant by the responsible inspector or code enforcement officer, or by registered mail together with a summons, in the manner set forth in Rule 3.4 of the Arizona Rules of Criminal Procedure. The citation will state that if the defendant fails to appear, the Hearing Officer will enter a default judgment against him in favor of the State, and impose sanctions not to exceed \$250 for each alleged violation. Subpoenas for witnesses shall be prepared and signed at the request of either the defendant or the Town., and served by personal service, certified mail, or first class mail, pursuant to A.R.S. § 13-4072, as may be amended.

Section 18-3-4. Hearing Procedures. Unless otherwise modified therein, civil enforcement procedures herein shall follow the Arizona Rules of Court for Civil Traffic Violations. The Town Attorney or designee will present evidence of the charges in the complaint. The defendant may present evidence pro per or through counsel. The defendant will not have a right to a jury trial. If the Hearing Officer finds that the charges are proven by a preponderance of the evidence, judgment shall be entered against the defendant for the Town, and sanctions imposed up to \$250 per offense. If the Hearing Officer finds the charges not proven, the case shall be dismissed. Any sanction shall be imposed immediately, without setting a sentencing date or probationary period, except that the Hearing Officer may allow the defendant a time to pay the sanction not more than 30 days from the hearing date.

Section 18-3-5. The defendant may appeal the decision of the Hearing Officer to the Town Magistrate, pursuant to ARS 22-402.B, as may be amended, who shall conduct a review of the matter limited to whether the Town Code or Zoning Ordinance has been correctly interpreted or applied by the hearing officer. It shall not be a trial de novo unless the Court determines that the records are insufficient, or there is no record preserved. A record for purposes of this Section 18-3-5 consists of audio tape recordings, any written rulings of the Hearing Officer, and exhibits admitted at the hearing. Further appeal to the Superior Court, either pursuant to A.R.S. § 12-124.A, as may be amended, is hereby granted.

ARTICLE 18-4 **Notice and Citation Procedure.**

Unless otherwise stated in this Town Code the following notice procedure shall be used:

Section 18-4-1. A verbal or written warning may be provided by the Code Enforcement Officer to the alleged party in violation, as a courtesy, when the violation is not considered immediately serious to the health, safety, or property of others, permitting a minimum of 10 days to correct, or make timely arrangements to correct, the violation.

Section 18-4-2. A written notice of violation is provided when (i) personal contact cannot be made, (ii) because access to the property is prevented, (iii) the occupant is not on the premises or (iv) the occupant has ignored an earlier courtesy warning. The time frame for compliance (not to exceed sixty days from the first courtesy warning) is at the discretion of the Code Enforcement Official.

Section 18-4-3. A criminal citation is used when: the offense is serious and requires immediate action, the alleged violator has ignored previous warnings, has refused to work with the Town toward compliance, or the violation is a repeat of a previous offense. For the purpose of enforcement of the Town Code, violations of any adopted Building Code in conjunction with a Town Code violation will be considered violations of the Town Code as well, and appropriate, simultaneous enforcement action shall be taken by the Building Official as permitted by the Building Code.

ARTICLE 18-5 **Inspection Warrant.**

Section 18-5-1. An "inspection warrant" is an order, in writing, in the name of the people, signed by a judge or magistrate of a court of competent jurisdiction, directed to a state, county or local official, commanding him to conduct any inspection required or authorized by state, county or local law or regulation relating to building, fire, safety, plumbing, electrical, health or zoning.

Section 18-5-2. An inspection warrant shall be issued only upon cause, supported by affidavit, particularly describing the place, dwelling, structure, premises or vehicle to be searched and the purpose for which the search is made. In addition, the affidavit shall contain either a statement that consent to inspect has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent.

Section 18-5-3. Cause shall be deemed to exist if either reasonable legislative or administrative standards for conducting a routine or area inspection are satisfied with respect to the particular place, dwelling, structure, premises or vehicle, or there is reason to believe that a condition of nonconformity exists with respect to the particular place, dwelling, structure, premises or vehicle.

Section 18-5-4. Before issuing an inspection warrant, the judge may examine on oath the applicant and any other witnesses, and shall satisfy herself or himself of the existence of grounds for granting such application.

Section 18-5-6. If the judge is satisfied that cause for the inspection exists, she or he shall issue the warrant particularly describing each place, dwelling, structure, premises or vehicle to be inspected and designating on the warrant the purpose and limitations of the inspection.

Section 18-5-7. An inspection warrant shall be effective for the time specified therein, but not for a period of more than fourteen (14) days, unless extended or renewed by the judge who signed and issued the original warrant upon satisfying herself or himself that such extension or renewal is in the public interest. Such inspection warrant must be executed and returned to the issuing judge within the time specified in the warrant or within the extended or renewed time. After the expiration of such time the warrant, unless extended, is void.

Section 18-5-8. An inspection pursuant to this warrant may not be made between 6:00 p.m. of any day and 8:00 a.m. of the succeeding day, nor in the absence of an owner or occupant of the particular place, dwelling, structure, premises or vehicle unless specifically authorized by the judge upon a showing that such authority is reasonably necessary to effectuate the purpose of the regulation being enforced. An inspection pursuant to a warrant shall not be made by means of forcible entry; except that the judge may expressly authorize a forcible entry where facts are shown sufficient to create a reasonable suspicion of violation of a state, county or local law or regulation relating to buildings, fire, safety, plumbing, electrical, health or zoning, which, if such violation existed, would be an immediate threat to health or safety, or where facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful. Where prior consent has been sought and refused, notice to the owner or occupant that a warrant has been issued must be given at least twenty-four (24) hours before the warrant is executed, unless the judge finds that immediate execution is reasonably necessary in the circumstances shown.

Section 18-5-9. Any person who willfully refuses to permit an inspection lawfully authorized by warrant issued pursuant to this Article is guilty of a misdemeanor punishable as set forth in Article 1-8 of this Town Code.
