A General Note Regarding this Checklist: This Developer's Checklist is intended to function as a chronological record of the completion of the most significant requirements and events associated with designing, constructing and conveying water and sewer lines and appurtenances to the Fauquier County Water and Sanitation Authority. Items considered to be significant steps or milestones in the process appear in **BOLD** text in this checklist. Developer's and their representatives are advised that in order for a **BOLD** step or milestone to be considered complete, ALL items in ALL sections which are listed above that particular listing in the checklist must be satisfactorily completed.
