Sustainability in Action

Welcome to Republic Services

Follow these simple steps to ensure your waste is collected quickly and efficiently:

- Place your trash cart at the curb the night before your scheduled service day.
- Position your cart no further than 3 feet away from the road with the handle facing toward your residence.
- Place cart at least 3 feet away from any obstacles like mailboxes, light poles, vehicles, or fire hydrants.
- Do not block the container with vehicles or other items.
- Please bag all trash and place in your container to keep your community free of debris. If you find that you consistently have more trash than your container's capacity, consider requesting an additional container at City Hall, an additional monthly charge will apply.
